

## Bethel Hostel - Gujarat

### Annual Report 2023-2024

Jesus said, "Let the little come to me, and do not hinder them, for the Kingdom of heaven belongs to such as these. Mat 19: 14.

Jesus loves children and orders us to take care of them. Resurrected Jesus instructed Peter. "If you really love me, take care and feed my lambs.

God has special concern on children. So SISU started child care program among tribal children of South Gujarat through hostels and education development program. It runs hostel for boys and girls in Valsad and Vyara. Many little children of migrant labourers and tribal families make use of the SISU Bethel Hostels. Both the Bethel hostels are situated in south Gujarat.

South Gujarat is well known as the tribal belt of Gujarat. This region has Kukna, Kotwaliya, Vasava, Tubla, Chaudhari, Warli, Bhil and Gamit tribal communities. Tribals who depend mostly on migration labour works for their livelihood, wander during two seasons in a year to the nearby cities. During the migration period the children would also accompany their parents. So their education will be affected.

SISU runs Bethel hostels in south Gujarat to educate such children. It makes the use of government free education and offers free boarding. Bethel provides free education to the children of migrant labourers. These hostels are a great help to the poor tribal communities.

Children stay in these hostels and study in the government schools. Children from Valsad, Navsari, Dongs, Surat, Tapi, Bharuch and Narmada districts are studying here. Now South Gujarat tribal region is getting to be more known as the literate region of tribals in India.
